

Level	Basic	Professional	Managed Services
Description	Perfect for those who want a powerful tool and prefer to take a "hands-on approach" and to "self-perform" the compliance tasks when notified by Filejet.	Filejet's digital-first Professional Plan Automates Entity compliance filings and other services while providing organization and visibility into the process.	Forget having to perform compliance tasks yourself and eliminate notifications, Filejet handles everything for you! Let your team focus on what they do best and forget about entity compliance.
